December 13, 2022

The Junior League of Boise, Inc., is an organization of women dedicated to promoting voluntarism, developing the potential of women, and improving the community through the effective action and leadership of trained volunteers. It is one of the longest-standing volunteer organizations in the Treasure Valley with a rich history of civic impact and empowering women to bond together to become better leaders and strengthen our community.

The Junior League of Boise is seeking your sponsorship for our **Derby Day Celebration** fundraiser at the Arid Club on Saturday, May 6, 2023 to commemorate our 95th Anniversary.

Funds raised through this fundraiser will support our 2023 fiscal year leadership training initiatives and operational budget. Your support will further allow the Junior League of Boise to improve and enhance our community through programs including our issue-based community impact work that directs our members to advance measurable impact within a specific area of community need. Additionally, with a solid financial footing, our organization can continue our current signature initiative, which we first launched in 2018 and which will culminate in 2028 at our centenary. Through this initiative, we reinvest time, treasure, and talent with ten past project partners to strengthen our relationships within the non-profit industry, increase our visibility in the community we serve, and reaffirm our commitment to our historic partners. We are currently in year five of this 10-year commitment and are working with the Boise Art Museum. Other past Project 100 partners include Learning Lab, the Discovery Center of Idaho, Family Advocates, and the Idaho State Historical Society.

Your sponsorship for our **95th Anniversary Derby Day Celebration** will help ensure the continued success of the Junior League of Boise. Enclosed is more information on the Junior League and how your support will impact your organization and ours. You can also learn more about the Junior League of Boise's current and past impact on the community at <https://jlboise.org/> and through our social media accounts on Facebook and Instagram at @jlboise.

Please do not hesitate to contact me with questions. I look forward to speaking with you at your earliest convenience.

Sincerely,

Kristen Schroeder
President-Elect
